Your Single Source for Reactors, Hydrotreaters, Columns and Towers

Pressure Vessels And Reactors

**Quality, Safety and
Reliability since 1972**

Your Single Source for Reactors, Hydrotreaters, Columns and Towers

<http://tapcoenpro.cwfc.com>

When you have a worldwide reputation for providing the best process equipment for severe service environments in the industry — you can't rest on your laurels of expertise and experience. Instead, you have to constantly re-invent, innovate and improve the way you do business so that you can address customer needs for improved efficiency, safety and the environmental issues.

Today, our facility covers fourteen acres of property and includes an 110,000 square foot manufacturing plant that houses some of the most modern machining and fabrication equipment available in the industry. Our design and engineering staff have a broad range of disciplines and talents spanning over fifty years in pressure vessel experience. Our understanding in the science of working with steel, metal alloys and non-ferrous materials is combined with our highly specialized craftsmen to give our customer quality delivery from a single source.

Our products include Heavy Wall Reactors, Hydrotreaters, CDHDS Columns, Fractionator Towers, Stripper Columns and Platforming Reactors.

Manufacturing Center

16315 Market Street
Channelview, Texas 77530
Phone: 281-247-8100
